ND INDUSTRIES IN ASIA

Facilities

ND Industries Taiwan and ND Electronics (Kunshan, China) Co., Ltd. Have a collective team of more than 200 employees and facilities covering more than 60,000 square feet in plant floor area. Since start up, ND Electronics has specialized in processing nylon patch for small screws (M1.4 to M3.5) for the electronics market which dominates the Shanghai and Suzhou basins. As the automotive industry continues to build momentum in China many opportunities to benefit Chinese / Taiwanese manufacturers await ND with its advanced fastener coating and processing capabilities.

Quality

ND Industries is ISO 9001:2000 certified and provides a broad range of Automotive and Military approved processes.

APPROVED SPECS

**GM6124M, GM6175M, GM6194M,
GM6189P**

NSF

ND's Asian operations are not licensees, but part of the ND family. Each facility is fully supported by ND Industries and focused on providing first class service and solutions to manufacturers from the automobile, electronics, machinery building, ship building, railroad, mining, and oil field industries, and many others, all over the world.
